

# 23SC

With a 9" draft, a 250-mile range, and the soft ride of a Carolina Cat, you have inshore and offshore capability in the 23SC.

**SPECIFICATIONS**

L.O.A.	22'7"
Beam	8'6"
Draft	9"
Weight (hull)	3,800 LBS
Max Power	2 x 115 HP
Fuel Capacity	2 x 48 GAL
Livewell Capacity	30 GAL

The Carolina Cat 23SC combines cat-like performance, a fishing/cruising layout, and cabin for shelter and storage. That means you can take this dual engine cat to the far-off fishing grounds with wrap-around canvas protection. Yet, she's also the perfect boat for a cruise around the harbor.

There's plenty of seating. Plus, fish boxes and a 30-gallon livewell for the offshore faithful. And when you're ready for a cat nap, the queen-sized berth is a luxury most mid-sized boats can't offer.

All 2012 Carolina Cat's are backed by a SEVEN year limited structural hull warranty. With Carolina Cat's strong pedigree your family will enjoy years of boating fun.
